SUMMARY

MSc Computer Science graduate with a strong foundation in full-stack web development and hands-on experience building responsive applications using React.js, JavaScript, Node.js, Express.js, MongoDB, and SQL. Built and deployed multiple end-to-end projects involving authentication, REST APIs, payment integration, admin dashboards, database design, and responsive UI development. Completed a web development internship at Infotact Solutions and recognized as a Top Performer for technical contribution and project delivery.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, Authentication & Authorization

Languages: JavaScript, Python, SQL, Java, C

Databases: MongoDB, PostgreSQL, SQL

Tools: Git, GitHub, VS Code, Postman

Deployment/APIs: Render, Netlify, Vercel, Stripe API

EXPERIENCE

Web Development Intern — Infotact Solutions

Feb 2026 – May 2026

- Independently built and deployed a full-stack MERN application, working across database design, frontend development, backend integration, and deployment.
- Ranked as a Top Performer among interns for technical contribution and project delivery.
- Collaborated with mentors through code reviews and incorporated feedback to improve application quality.

PROJECTS

Automated Report Generator for College Events | MERN Stack | Team Project

[GitHub](#) | [Live Demo](#)

- Built a tool that generates event reports and sends them automatically through email.
- Owned the React frontend and database layer.
- Deployed the application outside the local development environment.

Doctor Appointment Booking Application | React.js | Node.js | MongoDB | Stripe

[GitHub](#)

- Built responsive frontend for online/offline appointment booking.
- Implemented role-based dashboards for Admin, Doctor, and Patient.
- Integrated Stripe payment processing and prescription delivery workflow.

Integrated Food Delivery & Dineout Hospitality Platform | MERN Stack

[GitHub](#)

- Built responsive multi-restaurant food ordering application.
- Implemented online payments and real-time order tracking.
- Developed hotel table booking, menu displays, and restaurant admin functionality.

EDUCATION

MSc Computer Science — CGPA: 9.11

2026

BSc Computer Science — CGPA: 8.88

2024

HSC — 87.17%

2021

SSC — 77.40%

2019

CERTIFICATIONS

- Frontend Web Developer – Modern HTML, CSS & JS — Udemy
- Programming in C, C++ & Java — Preplnsta
- Python Fundamentals & SQL Case Study — Infosys Springboard
- Web Development Internship Certificate — Infotact Solutions
